

Lockheed Martin Award for Ocean Science & Engineering

Presented to an individual who has demonstrated the highest degree of technical accomplishment in the field of marine science, engineering or technology; open to those from any country or territory outside the United States.

Only one completed nomination form will be accepted for each candidate. If a completed nomination form has already been accepted for your candidate, you will be notified. Only the information requested on this form will be used in the review of your candidate. Complete nomination packets are due by May 31.

Required Information

- Your contact information
- Contact information of nominee
- Qualifications - choose only those areas that apply. Please note that the relative strength of a nomination is not determined by the number of boxes checked. Limit the selection of qualifications to areas where the candidate's contributions are outstanding. You will be required to provide a statement of justification for each qualification you select from the list below:
 - Technical Achievement in Research
 - Technical Achievement in Development
 - Technical Achievement in Design
 - Technical Achievement in Manufacturing
- Letter of nomination or other supporting documentation

The nomination process is competitive. Please be sure to include enough information about your nominee to provide the Awards Nominating Committee with a complete description of your nominee and his/her/their accomplishments.
