Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by the Marine Technology Society, provided that the base fee of \$1.00 per copy, plus .20 per page is paid directly to Copyright Clearance Center, 222 Rosewood Dr., Danvers, MA 01923.

For those organizations that have been granted a photocopy license by CCC, a separate system of payment has been arranged. The fee code for users of the Transactional Reporting Service is 0025-3324/89 \$1.00 + .20. Papers by U.S. Government employees are declared works of the U.S. Government and are therefore in the public domain.

The Marine Technology Society cannot be held responsible for the opinions given and the statements made in any of the articles published.

ABSTRACTS

MTS Journal article abstracts, if available, can be accessed for free at <http://www.ingentaconnect.com/content/mts/mts.j>.

Print and electronic abstracts of MTS Journal articles are also available through *GeoRef* <<http://www.agiweb.org/geo/ref/>>, *Aquatic Sciences and Fisheries Abstracts*, published by Cambridge Scientific Abstracts <<http://www.csa.com/factsheets/aquahst-set-c.php>>, and *Geobase/Oceanbase* published by Elsevier Science.

CONTRIBUTORS

Contributors can obtain an information and style sheet by contacting the managing editor. Submissions that are relevant to the concerns of the Society are welcome. All papers are subjected to a stringent review procedure directed by the editor and the editorial board. The *Journal* focuses on technical material that may not otherwise be available, and thus technical papers and notes that have not been published previously are given priority. General commentaries are also accepted and are subject to review and approval by the editorial board.
